Agnes

A black and white photograph showing a dark, horizontal, textured object, possibly a piece of wood or a branch, against a light background. The object has a rough, irregular surface with some lighter patches and a dark, possibly charred or stained, area on the left side. The lighting is somewhat uneven, with the right side appearing slightly brighter than the left. The overall appearance is that of a natural, weathered material.

The first photograph shows a dark, multi-story building with several windows illuminated from within, creating a stark contrast against the dark facade. The second photograph shows a similar building, possibly a different angle or a different part of the same structure, also featuring lit windows and a dark exterior.
